

# Slant/Fin's new, big JAGUAR has a very small footprint

Compact, powerful and agile. Slant/Fin's new Jaguar sealed combustion gas boiler purrs with performance. It's compact and lightweight for easy handling and sets a new standard for reliability. It truly is a commercial high efficiency condensing gas boiler made to perfection.

- Up to 96.7% Efficiency
- Cast Aluminum Mono Block
- 3.5:1 Modulation
- 110,000 to 390,000 Btuh input
- Floor Standing • Natural Gas
- PVC, CPVC or stainless steel air intake and vent pipe—100' equivalent length
- Top Connections • Quiet Operation
- Environmentally friendly—Low NOx
- Built-in digital control board with outdoor reset
- Compact and Lightweight for easy handling

Jaguars can be grouped for modular boiler installations. Each boiler measures only 53"Hx24"Wx26"D and weighs only 190 lbs. uncrated.

## Slant/Fin®

The next generation of hydronic heating

USGBC focuses on practices that increase a building's efficiency to harvest and use water, energy and materials.
