

CONDENSING GAS BOILER WARRANTY

(LX, CHS & VSL Models)

Residential Warranty

Limited 15 year (includes 5 year Protection Plan when registered upon installation.

Commercial Warranty

Limited 10 Year (Does NOT include Protection Plan)

The warranty is contingent upon the installation by a licensed professional heating contractor and maintenance and service being performed by a licensed professional heating contractor on a regular yearly basis. Installation of these boilers and/or maintenance or service conducted by unlicensed or non-professional heating contractors will void this warranty. Installation must be in accordance with this manufacturer's manuals, national and local codes and regulations.

This warranty specifically excludes boilers operated with combustion air contaminated externally by chemical or corrosive vapors, improper fuel additives or with water/system conditioners which may cause heat exchanger failure. In addition, this warranty excludes boilers that have failed or malfunctioned due to improper or negligent operation, accident, abuse, freezing, misuse, unauthorized alteration or improper repair or maintenance. This warranty excludes boilers overheated due to the system not providing water, or adequate flow through the boiler when the burner is on. Any use of improper anti-freeze will void this warranty. This warranty does not cover the labor and shipping costs associated with the repair or replacement of the boiler, the properly registered Homeowner Protection Plan covers applicable labor for the first five years of operation from dated of installation. The Homeowner Protection Plan is administered through Slant/Fin. Warranty applies if boiler is registered within first 30 days of installation and for the first retail purchaser only. Boiler must remain at all times in the location at which it was originally installed

Use of any anti-freeze not approved by Slant/Fin will void the warranty. Warranty applies if boiler is registered within first 30 days of installation and for the first retail purchaser only. Boiler must remain at all times in the location at which it was originally installed.

First through tenth year:

Slant/Fin warrants the heat exchanger free from defects in materials and workmanship for 10 years from date of installation.

If any original factory supplied parts fail in the first year due to manufacturing defect, or the heat exchanger in the first 10 years are found to be defective, Slant/Fin will provide replacement of such defective parts or heat exchanger.

In addition to the product warranty, Slant/Fin will provide a 5 year Homeowner Protection Program (HPP) for residential applications only to cover original factory supplied parts and labor to repair or replace them for five years from the date of installation provided only if the boiler is properly registered within one month of the date of installation. Claims requests will be processed directly through Slant/Fin. All claims must be pre-approved with Slant/Fin prior to the work being completed.

Eleventh through the fifteenth year:

Slant/Fin warrants the heat exchangers are free from defects in material and workmanship for the eleventh through fifteenth year from the date of installation. If, during such time, the heat exchanger is found to be defective, Slant/Fin will provide a replacement heat exchanger upon payment of a proportionate charge based upon the time the boiler has been in service. The proportionate charge will be equal to the appropriate percentage of the list price of such heat exchanger at the time warranty claim is made and will be as follows:

11th year = 20%
12th year = 30%
13th year = 45%
14th year = 60%
15th year = 80%
There after = 100%
